// 2-stage cascade		
// 3-stage cascade		
// 4-stage cascade		
// 5-stage cascade		

No. 5 The following people should receive training for the system

Title	First name	Name	Company

Commissioning is unfortunately not possible unless the check list has been completed in full. If any requisite on-site plumbing/electrical engineering work has not been completed by the time Kemper's service technician arrives on site, this may result in additional work and expense or, in the worst case, in postponement of the commissioning and departure of the technician. The follow-on costs incurred as a result must be borne additionally by the client.
